

It's always a good time to read a book!

## Welcome to Mrs. Zdepski's Home Page

### 5<sup>th</sup> Grade Social Studies

The 5<sup>th</sup> grade has embarked on a voyage with the explorers. We are currently reading Unit 2 discovering new information in the Age of Exploration. We will be completing projects this marking period and looking forward to oral presentations from the students.

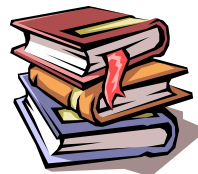

### 7<sup>th</sup> & 8<sup>th</sup> Grade Technology

- The 7<sup>th</sup> grade is exploring programs and different opportunities to learn new technology through the use of the Internet. We also continue to work on our keyboarding skills.
- The 8<sup>th</sup> grade has begun a research project, of sorts, that will continue throughout the year. They are the first grade to create a Technology Library which will incorporate data that will be available for others in the school to borrow. All Milford School students and staff will have the opportunity to sign-out specific Instruction Sheets that explain the process of accessing and launching a program. The Instruction Sheets will specifically explain directions for completing certain tasks that a person may not know otherwise.

### 7<sup>th</sup> & 8<sup>th</sup> Grade Language Arts & Reading

In Language Arts we continue studying Parts of Speech and Writing Techniques, for each individual grade level.

Reading is a combination of various class novels, in addition to our Prentice Hall reading anthology, for each individual grade level.

### **\* Reading Logs for both 7<sup>th</sup> and 8<sup>th</sup> Grade \***

Reading logs are mandatory and are to be handed in at the end of each month for credit. It is the student's responsibility to record reading hours and hand in a Monthly Reading Reflection sheet based on their individual book. All books must be approved by the teacher.
